

**Domestic Fundamentals:**

- Sideways to slightly firm trend witnessed in various edible oils in different market centers owing to bullish international veg. oil market on Wednesday.
- Groundnut oil featured firm tone at Rajkot market tracking better buying enquires ahead of festivities and lower crop in the current season support the sentiments. Groundnut oil quoted at Rs 810 per 10 Kg, up Rs 20 per 10 Kg from yesterday's quotes at Rajkot market.
- CIF sunflower oil at Indian ports is offered USD 890 per tons for October delivery and Nov/Dec. delivery is quoted at US dollar 880 per tons. Moreover, crude sun oil at Kandla quoted at Rs 580 per 10 Kg and refined at Rs 640 per 10 Kg excluding taxes as on 08 Oct. 2014. Better buying enquiries witnessed for sunflower oil in the spot market due to upcoming festivities and recovery in the international sun oil market.
- Edible oil basket is expected to feature range bound on bearish global outlook scenario in the near-term. However, renewed buying could witness at lower quotes.

**International Market Fundamentals:**

- CPO at BMD ended higher owing to bullish cues from international soy complex and dry weather over key oil palm producing regions hurts the crop prospects.
- As per Oil World, Russian sunflower seed yields averaged 1560 kg/hectare as of Oct. 1 v/s 1790 kg/ hectare last year. Farmers had collected crops about 3.4 million hectares. Moreover, Ukraine's average yield was 1780 kg/hectare as of Oct. 1, compared with yields of 2070 kg/hectares last year. On the Production front – USDA forecast Ukraine's sunflower seed output for 2014-15 at 10 million tons, down 13.79 percent from last year.

**Outlook:** Edible oils are expected to feature sideways to firm trend in the near-term.
