

**Domestic Fundamentals:**

- Edible oil basket witnessed steady tone in most of the edible oils markets tracking need based demand on Monday.
- As per news sources, around 2.57 million hectares of mustard seed crop had damaged due to unseasonal rains and hailstorm over key RM seed producing regions (Rajasthan-1.5 million ha., Haryana – 0.12 million ha., and UP – 0.95 million ha.). Moreover, lower arrivals in the major cash market and gains in the crude and palm oil prices support the market sentiments. As per sources, more than 78-84 percent of the India's RM seed had been harvested as of first week of April.
- Groundnut oil at Rajkot market featured weak tone tracking dull demand at higher quotes and is quoted at Rs 1000 per 10 Kg, down Rs 15 per 10 Kg from Saturday. As per sources, good demand seen from stockists but wholesalers/retailers reluctant to buy at the current prices. Moreover, weak demand for groundnut seed for exports adds bearish sentiments to the market. Groundnut seed oil quoted at Rs 1015 per 10 Kg at Rajkot market, as on 18 April 2015.
- Indonesia's exports of palm and palm kernel oils for Jan-March 2015 stood at 5.63 million tons, up 14.1 percent from same period of the last year - Indonesian Palm Oil Association. On the production front, trade ideas expect palm oil output to reach 32.5 million tonnes in 2015, with about 21.5-22 million tons exported.

**Outlook:** Edible oil basket is expected to feature range bound on need based buying in the spot market.
