

**Domestic Fundamentals:**

- Edible oil basket witnessed steady tone in most of the edible oils markets tracking need based demand and losses at BMD on Thursday.
- CIF soybean oil quoted at USD 748 per tons for April/May delivery and for June/July delivery is offered at USD 741 per tons on 23 April, 2015. Better buying in the cash market ahead of wedding seasonal demand and lean season support the market sentiments.
- Refined soybean oil at Indore market is offered at Rs 595/600 per 10 Kg and crude at Indore is offered at Rs 580-585 per 10 Kg on Thursday.
- Malaysian palm oil at BMD ended lower on Thursday on hope of higher palm oil production in April, although losses were capped on firm export demand. As per Malaysian Palm Oil Association, palm oil production in Malaysia may rose by 17 percent for April 1-20 compared with the same period a month ago.
- Argentina's farmers had brought 33 percent of the harvest as of second week of April, up 11 percent that had been collected by the same point last year – Government sources. Moreover, weather is dry and looks good for harvesting.

**Outlook:** Edible oil basket is expected to feature range bound on need based buying in the spot market.
