

**Domestic Fundamentals:**

- Edible oil complex featured firm trend at various markets centers on Tuesday.
- Soy oil refined domestic prices featured sideways trend at various locations. Indore prices closed on firm tone at Rs 980 (980) per 10 Kg. Demand of soy oil is rising ahead of festival season. Degum prices at Kandla traded higher at Rs 945 (940) per 10Kg at higher CNF indicating rise in demand. Higher CBOT may support CNF prices. CBOT Projections were trading up on Tuesday. Fall in stocks of soy oil in US, firm demand of soybean by China and lower soybean crop in Argentina will support prices. Delay in Sowing in Brazil, low end stock in USA and higher demand from China will support the prices. Demand will improve ahead of festival season. Values in brackets are figures of yesterday.
- CPO domestic prices traded firm at Rs 837 (831) per 10 Kg at Kandla and at India East coast. CNF prices were quoted higher at Rs 830 (810) per 10Kg. Palmolein prices traded firm at various locations in India on slow rise in demand. Import parity returned to disparity while refining margins rise on rise in high seas prices compared to CNF prices. Higher BMD palm oil will support India CNF. BMD CPO is expected to be supported by expectation of higher exports of palm oil from Malaysia in Oct and slow rate of rise of production of palm oil in Malaysia in Oct due to labor shortage despite seasonal uptrend of production. Firm demand from China and India will support prices. However, if markets of palm oil will fall the fall will be limited to the above quoted conditions. Values in brackets are figures of yesterday.
- Sunflower Oil prices traded lower today at Rs 1150 (1160) per 10 Kg at Chennai market. Demand is improving ahead of festival season. Rise in price of competing oils may support sunflower oil price. Values in brackets are figures of yesterday.
- Rapeseed oil prices showed firm tone at various locations. Demand is firm while supply side is at low. Demand is expected to rise ahead of festival season. Rapeseed arrivals fell last week on despite firm demand of rapeseed ahead of festivals. Prices are expected to show firm tone in coming days on fall in stocks of rapeseed oil in Indian markets.
- SEA, leading trade body has urged the Indian Government not to reduce edible oil import tax as it would hurt local farmers as they are expecting boost in production. "It would not be proper to tamper with the reduction of import duties or encourage public sector undertakings to import edible oils at concessional duties as it would be counterproductive," the Solvent Extractors' Association of India (SEA) said in a letter written to various federal ministries. India fulfils more than 70% of its edible oil requirement through imports and the current rise in prices is necessary to encourage farmers to expand the area under oilseeds and adopt better farm practices, the SEA said.
- The Government set a record high target at 7.5 M Ha for mustard crop in 2020-21 (Rabi), under newly launched Mustard Mission. This mission aims to achieve self-sufficiency in producing oilseeds so as to reduce hefty import of edible oils. The Government has aimed to harvest record high 12.5 MT of mustard crop, which accounts for over 80% of total Rabi edible oil complex. Measures are adopted to increase the area from 6.9 M Ha previous year to 7.5 M Ha. Government will provide 26,700 tons of certified mustard seeds for Rabi 20-21, 6.4 percent higher quantity than required. Rajasthan, Gujarat, Uttar Pradesh and Madhya Pradesh are the major producers of mustard in the country.
- According to Solvent Extractors Association (SEA), India's September edible oil imports fell 19 percent y-o- y to 10.61 lakh tons from 13.03 lakh tons in Sep 2019. Palm oil imports in Sep fell 25.37 percent y-o-y to 6.44 lakh tons from 8.63 lakh tons in Sep 2019. CPO imports rose 2.65 percent in Sep y-o-y to 6.15 lakh tons from 5.99 lakh tons in Sep 2019. RBD palmolein import fell 95.45 percent to 0.12 lakh tons in Sep vs. 2.64 lakh tons in Sep 2019. Soy oil imports rose 27.41 percent in Sep y-o-y to 3.16 lakh tons from 2.48 lakh tons in Sep 2019. Sunflower oil imports fell 47.61 percent y-o-y in Sep to 0.66 lakh tons from 1.26 lakh tons in Sep 2019. Rapeseed (canola) oil imports in Sep were 0.1 lakh tons compared to 0 imports in Sep 2019.
- According to cargo surveyor Intertek Testing Services (ITS), Malaysia Palm oil products export for October rise 5.6 Percent to 1,690,237 tonnes compared to 1,600,981 tonnes last month. Top buyers were India & subcontinent 444,725 tons (430,585 tons), European Union 344,165 tons (355,026 tons) and China at 238,135 tons (282,860 tons). Values in brackets are figures of last month.

**Outlook:** Edible oil basket is expected to feature sideways to firm tone in near term.
