

**Domestic Fundamentals:**

- Edible oil complex showed sideways trend at various markets centers on Monday.
- Soy oil refined domestic prices closed on firm tone at Indore market. Supply side is at low as July imports were lower than June imports supporting price rise. Good monsoon rains, improving crop condition and higher soybean acreage compared to last year will pressure the price rise. CBOT soy oil is trading up on rising demand of soybean from China and low soy oil supply concerns. Argentina has also lowered their biofuel mandate from 10 percent to 5 percent.
- CPO prices traded down in bench market Kandla. Domestic prices are correcting as demand is affected at higher price. Both Malaysia and Indonesia have seen increase in Production while export demand is slow.
- Sunflower oil prices closed on firm trend in Chennai market. Ukraine's sun seed production for July lowered to 1.41 lakh tons compared to 3.72 lakh tons last year for same timeframe. Low sun seed stock will support price as new crop is yet to arrive at market.
- Mustard oil prices closed on rising tone at bench market. Demand for mustard oil is firm. Prices for rapeseeds hiked in domestic market as arrival has slowed down. It is also taking positive cue from high international prices and low domestic supply side. Mustard oil is expected to rise gradually from upcoming festivities demand. Demand will be affected at higher prices.
