

#### **Domestic Fundamentals:**

Edible oil basket showed sideways sentiments at various market places. Soy oil, Groundnut oil and palm oil traded down, while sunflower oil traded steady and Mustard oil prices traded up at various markets on Thursday.

Yet another peace talk between Ukraine and Russia was unsuccessful taking market up by a swing. Crude oil prices went up.

#### Soybean oil

- Prices are expected to remain steady with upward bias for coming weeks as people are stocking up oils fearing further rise in prices.
- CBOT soy oil traded down as China's soybean demand is affected due to rising covid cases.
- Prices are trading sideways at the level of 1570 to 1620 level from past week. Prices are expected to breach current rangebound level taking support from low supply stock of rival palm oil.
- Argentina suspended exports of soy oil and soy meal to curb their domestic prices making US the leading soy oil supplier.

#### Palm oil

- Indonesia removed the export volume restriction amid accusation of 'Panic Policy' and raised its export levy to a new maximum of \$375 per tonne, compared to previous levy of \$175 per tonne
- Tension between Ukraine and Russia fueled the prices. Domestic prices are trading sideways rangebound to 1520 to 1630 level from past week.
- MPOB expects Malaysia palm oil prices to remain elevated above 5,000 Ringgits for the first half of year 2022 amid supply shortages of edible oils.

#### Mustard oil

- Mustard oil prices corrected downwards over increased arrivals in market. However all India mustard seed arrival fell sharply to 6.5 lakh bags on Thursday compared to 14.5 lakh bags on Wednesday. Arrivals are expected to remain at peak for 3<sup>rd</sup> and 4<sup>th</sup> week of March.
- USDA has estimated India's mustard seed production at 108 LT.
- Correction in mustard oil prices will be limited due to firm prices of competing oils.
- Trade body Central Organization for Oil Industry and Trade (COOIT) has estimated mustard Rabi 2022 crop at 113 lakh tonnes marginally up from 110 lakh tonnes last month, total production includes taramira too. COOIT has estimated mustard crop production in Rajasthan at 51 lakh tonnes, 17 lakh tonnes in Uttar Pradesh, 12.5 lakh tonnes in Madhya pradesh.

Outlook: Edible oil basket is expected to feature sideways with upwards sentiments for the week.
