

Domestic Fundamentals:

Edible oil basket traded with sideways sentiments at various markets. Sunflower oil, Palm oil and Soy oil closed with sideways sentiments. While, Groundnut oil markets traded with steady sentiments and Mustard oil prices traded down for the day.

Soybean oil

- In Domestic Soy oil market traded with sideways sentiments for the day in tandem with volatility in CBOT Soy oil prices.
- Buyers in domestic market are cautious as prices are continuously declining. Thus, demand is weak.
- Availability of cheaper oils along with higher supply of Soy oil in Port and pipelines have weighed on the prices.
- High premium of international soy oil over Palm oil have pressured on prices.

Palm oil

- Domestic prices traded sideways for the day. Higher discount of palm oil over soy oil underpinned the demand.
- BMD Palm oil Malaysia rebounded as Indonesia is planning to role out B35 Biodiesel mandate, which will increase palm oil demand.
- Malaysia has increased its palm oil reference price for December at RM 3,847.24/T, compared to RM 3,575.80/ T for November and thus the reference price crossing the threshold of RM 3,450/T making Export duty for CPO at 8%
- Indonesia has slightly lower down its palm oil reference price for Dec 1-15 period at \$824.32, compared to \$826.58/ T for Nov 16-30 and thus the reference price crossing the threshold of \$800 per Tonnes making Export levy for CPO, CPKO to stands. While, Export tax will stand at \$33 for CPO.

Mustard oil

- Mustard oil prices traded with weak sentiments for the day. Weak purchase parity of consumer is weighing on the prices.
- Prices are likely to remain weak as rival oil prices are under correction.
- Disparity in mustard seed crushing has led to shutting down of most of the Expeller plants. Mostly Kachhi Ghani plants are operational.
- As on 9th December, Mustard seed acreage stood at 87.95 Lakh hectare (L ha), compared to 80.78 L ha last year, same time frame, which is up by 8.88%.

Outlook: Edible oil basket is expected to trade with sideways sentiments with weak bias for the week.

Sowing Update:
