

Wheat Domestic Fundamentals:

- **Downward pressure continue to dominate cash wheat market** despite recommended hike of Rs 50 per qtl to Rs 1450 for MY 2014-15. However, it may provide support to wheat market in the long run. Supply side is at comfortable level and rake loading by private trade from Kota to south Indian market has been reported at Rs 1860 per qtl. on delivered basis.
- **Despite disparity on export front and bearish outlook in global wheat market** Indian exporters managed to offload some quantity of wheat in markets like Vietnam, Djibouti, U.A.E., Philippines etc around \$284/tonnes on FoB basis through Kandla, Mundra ports. As per IBIS data wheat export from India was registered 14,953 tonnes during 11th to 17th August. However, global wheat market seems to be in surplus state and opportunity for Indian exporters remains still unfavorable.
- **Supply side remains ample and govt has ensured more supply** by allocating wheat at predetermined price through OMSS. As OMSS prices are ruling at par with open market price, offtake from central pool stock is likely to remain restricted in August and Sept. Wheat may trade in the range of Rs 1450 to Rs 1575 per qtl.
- **Wheat is being loaded from Rajasthan to South Indian markets in the range** of RS 1850/1870 per tonne on delivered basis. Wheat for same destination is being loaded from Uttar Pradesh at Rs 1825 to Rs 1830 per qtl. however, there is a difference of quality.
- **Wheat stock in central pool warehouses was registered at 38.10 million T** on 01 August compared to 39.37 million T on 1st July 2014. The highest accumulated stock is in Punjab (14.93 million T) followed by Madhya Pradesh (7.52 million tonne) and Haryana (7.07 million Tonne) as on 01.08.2014.
- **According to IBIS (provisional data), export of wheat in the month of July was 1.37 Lakh tones** which is around 69% less than last year at the same month, which was 4.46 Lakh tones in July 2013. The reason behind the lower export is attributed to disparity from other exporting countries like U.S.A., Russia and Ukraine.

International Market Update:

- **Pakistan's flour millers bought around 100,000 tons of wheat from the Black Sea region** this week, while importers in Bangladesh booked 50,000 tons. Importers in Pakistan paid \$269.50 a ton, including cost and freight, for two cargoes of wheat with 11.5% protein. One cargo is scheduled to be shipped in October and the other is for arrival between October 15 and November 15. Buyers in Bangladesh paid \$255 a ton for 50,000 tons of wheat with 10.5% protein. It is due for shipment in the second half of September.
- **Inflation and domestic demand of wheat in Russia is fulfilled with bumper production** and falling of domestic prices whereas weakening of rouble has supported export of wheat from Russia. The largest buyers of Russian wheat in 2013/14 (July/June) were Egypt, Turkey, Yemen and Iran.
- **U.S. export sales of wheat were 801,007 metric tons in the week-ended July 24**, up 81 percent from a week earlier, according to the U.S. Department of Agriculture.

Domestic market Outlook:

Wheat cash market may stay steady to slightly weak.
