

Wheat Domestic Fundamentals:

Farmers in Rajasthan, Madhya Pradesh and Uttar Pradesh have this year preferred selling to private buyers due to instant cash payment, as compared to delayed payments by state. According to FCI official there'd been unprecedented participation by private agencies in purchase; also, in some parts, warm March weather had affected the yield. They confirmed that arrivals had started diminishing and felt actual procurement would be close to 24 mt, against the 28 mt estimate.

India exported 1095.49tonne wheat during week ended 1st May-2016 against 1778 tonne during week ending 24th April. Wheat has been exported at an average FoB of \$297.54 per tonne. Major buyers of the Indian wheat are UAE, Taiwan, UK, Nepal, Bahrain and Kuwait. There is no import last week. Sentiments in cash market remain weak as supply side is higher than normal demand. Private trades/stockiests have fulfilled their 50 percent requirement so far.

The government has revised its target down to sell wheat from its stock under OMSS to 6.5-7.5 million tonnes for 2016-17. It could not sell 10 MMT in open market last year set for 2014-15. Food corporation of India could sell 7.1 MMT last year under OMSS. The benchmark price for the sale of wheat to private bulk buyers and traders has been fixed at Rs 1,640 per quintal, higher than the minimum support price of Rs 1,525 per quintal for this year. The selling target will be reviewed in July.

Agriwatch has revised its wheat production estimate up by 1.54 MMT from 89.28 MMT to 90.82 MMT for 2016-17 MY starting from April-2016. The new season (2016-17) started with 145.38 lakh tonne wheat as carry out. If we include private carryout (1 MMT), it comes to 155.38 lakh tonne. The new season may end up with 15.2 MMT as carry out including private carryout also. Production estimate for Bihar, Gujarat and Eastern Uttar Pradesh has been reduced by 20 to 30 percent due to thinner grain size this year. In other state crop is almost normal.

Wheat procurement is running smooth and it is higher by 10 % to 208.11 lakh tonne from last year till 2nd May 2016. Total wheat procurement has touched 208.11 lakh tonne till 2nd May 2016 against 189.27 lakh tonne on 2nd May 2015. Punjab has procured 98.94 lakh tonne, Haryana has contributed 64.64 lakh tonne. MP stands third by procuring 36.05 lakh tonne. Rajasthan has procured 4.81 lakh tonne. Uttar Pradesh stand fifth by procuring 3.58 lakh tonne so far.

Agricultural Statistics Division, Directorate of Economics & Statistics (DES) has released Second Adv. Estimate for Rabi crop for 2015-16 on 15th Feb, 2016. Production target for wheat in Rabi had been set at 94.75 lakh tonne. Now in Second Adv. estimate it has estimated wheat production for 2015-16 at 93.82 lakh tonne. Notably, India has produced 86.53 million tonne wheat in 2014-15.

International Market Update:

IGC revised wheat production projection estimate up by 4MMT to 717 MMT in end April-16 for crop year 2016-17. According to IGC global wheat production for 2015-16 was registered at 732 MMT. Projection for 2016-17 is quite lower from actual production of last year. The difference is around 15 MMT. Lower projection for wheat may lend support to global wheat market at current level and any major dip from current level is unlikely.

According to latest report, Russian wheat export reached 21.3 mmt since 1st July 2015 as greater demand is supporting the export. At present Black sea mill wheat with 12.5% protein for April shipment is offered at US \$184 per tonne (FOB).

Domestic market Outlook: Wheat cash market is likely trade firm.
