

### Wheat Domestic Fundamentals:

**All India average wheat price increased by 2.51 % from Rs1706.04 to Rs1749 per qtl.** during the week ended 12th May-2016. Active private participation and decreased arrival in north and central India has lent support to cash market fundamental.. When we compare all India average price from May,2015, it is lower by 4.10 % on month average basis. In May,2015 average price was registered at 1680.4 per qtl. Overall trend in cash market is expected to remain firm despite higher production estimate(94.02MMT) in 3rd Adv. estimates released on 9th May-2016.

**Indian millers based in south India have struck a deal of 50,000 French wheat** at \$203 per tonne on CiF basis scheduled to be delivered in July-2016.Around 7 lakh tonne wheat import deal has been finalized for forward months. Millers hope govt would revise wheat duty down from 25% to 10 % in July-2016.Around 50,000 T .Australian wheat too has been brought for August delivery at \$275 per T on CiF basis.

**The pace of wheat Procurement has slowed down due to decreased arrivals** and higher prevailing prices in domestic market.Indian procurement agencies have procured 224.81 lakh tonne till 13th,May-2016.Punjab and Haryana have procured 106 & 67.68 lakh tonne so far. MP has contributed6.78 lakh tonne while Rajasthan has procured6.66 lakh tonne so far.

**State agencies had procured 247.25lakh tonne last year till corresponding period.** This year wheat procurement may end up with 25 MMT.Govt. has reduced wheat procurement target for 2016-17 to 28MMT and it maybe revised further down to 25MMT as cash market price is ruling higher from MSP.

**India exported 1564.76 tonne wheat during week ended 8th May-2016** against 1095.49 tonne during week ending 2<sup>nd</sup> May-2016. Wheat has been exported at an average FoB of \$291.03 per tonne. Major buyers of the Indian wheat are UAE, Taiwan, UK, Nepal, Bahrain and Kuwait. There is no import last week. Sentiments in cash market remain firm in the short to medium term as supply side is lower than normal demand.

**Agricultural Statistics Division, Directorate of Economics & Statistics (DES)** has released Third Adv. Estimate for Rabi crop for 2015-16 on 9th May, 2016. Production target for wheat in Rabi had been set at 94.75 lakh tonne for 2015-16 crop year. Now in Third Adv. estimate wheat production estimate has been revised up from 93.82 lakh tonne to 94.04 MMT

**There is a gossip in the market that farmers have retained more stock this year and they** would prefer to release it in lean season. It would help to limit firmness in the lean season, especially in the last quarter. Besides, govt. has ample stock to take care of any unexpected rise in cash market.

**Agriwatch has revised its wheat production estimate up by 1.54 MMT from 89.28 MMT** to 90.82 MMT for 2016-17 MY starting from April-2016. The new season (2016-17) started with145.38 lakh tonne wheat as carry out. If we include private carryout (1 MMT), it comes to 155.38 lakh tonne.

### International Market Update:

**Russian wheat export prices rose slightly last week on high demand from** traders needing to fulfil previously signed deals.Black Sea prices for Russian wheat with 12.5 percent protein content were at \$192.5 a tonne on a free-on-board (FOB) basis at the end of last week, up \$1.50 from a week earlier. Russia exported 30.7 million tonnes of grains, including 22.3 million tonnes of wheat, between July 1 and May 4.

**IGC revised wheat production projection estimate up by 4MMT to717 MMT in** end April-16 for crop year2016-17. According to IGC global wheat production for 2015-16 was registered at 732MMT.Projection for 2016-17 is quite lower from actual production of last year.

**Domestic market Outlook:** Wheat cash market is likely trade steady to slightly firm.
