

Wheat Domestic Fundamentals:

India imported around 149842 tonne wheat from Australia, Ukraine, France and Moldova last week till 06th Nov-2016 at an average CIF of \$217.39 per tonne. Around 57241 tonne has been imported from Australia at an average CIF of \$245.17 per tonne, 91358 tonnes of Ukraine wheat at an average CIF of \$199.45 per tonne and a small quantity of 1000 tonnes and 243 tonnes has arrived from France and Moldova at an average CIF of \$223.396 and \$224.72 per tonne.

According to latest update, export of wheat has been very low compared to last week. In the week (31 Oct-06 November) the exports were around 38.52 metric tonnes compared to 889.53 metric tonnes in the week 24-30 October. The said quantity was exported at an average FOB of \$ 396.18 per tonne and the major destinations were UAE, UK, Qatar and Jordan. Total export till 06th Nov-2016 since 4th April was registered around 26424 tonne. Export window remained restricted due to disparity.

Election in two major wheat producing states-Punjab and Uttar Pradesh early next year may encourage centre to hike wheat MSP by Rs 100 per qtl. from Rs 1525 to Rs 1625 per qtl. for 2016-17. It would be 6.5 percent higher from last year (Rs 1525). Centre can't give more than Rs 100 per qtl. hike as inflation still remains the cause for concern. Generally govt. accepts recommendation of CACP.. and its recommendation is Rs 75 per qtl.

As wheat prices are not decreasing even after revision of import duty from 25% to 10% centre has decided to release one million tonne of wheat in the open market to keep prices of wheat in check. FCI has sold around 29.8 lakh tonnes wheat under OMSS during April to October. The bulk quantity has been purchased by private players under OMSS. The sales under OMSS rallied from June and are still continuing, wheat has been sold at Rs 1640 per quintal plus freight charges.

All India weekly average prices increased by 0.73 percent to Rs. 1838.95 per quintal during the week ended 31st October 2016. Wheat average price were ruling at Rs 1825.66 per quintal during 24-31st October 2016. As compared to prices in the week 24-31st October 2015, the prices are firm by 3.41 percent. Prices are expected to remain range bound to slightly firm in coming days.

Rake loading from Kota region of Rajasthan to South India is being reported at Rs 2100/2110 per qtl. despite smooth flow of imported wheat from various destination. Agriwatch expects steady to slightly weak tone to continue as cash crunch may affect normal trade.

International Market Update:

According to Ukrainian official statistics, wheat stocks are down by 16 percent to 14.48 MMT as on 1st October'16 compared to 17.18 MMT for tons for the same date last year. Wheat stocks are down on account of higher exports in the current season. In the months (July-September) of 2016/17 wheat exports were 13 percent (6.18 MMT) higher compared to the same period for 2015/16.

Egypt has introduced new wheat inspection system which may lead to lower prices. The GOEIC will be the sole body responsible for wheat inspections at shipping and arrival ports. After application of new system inspection costs is likely to be cut by half and traders will be allowed to discharge their cargo in bonded warehouses even before receiving approval.

According to Kazakh statistics committee, stocks of wheat have increased by 8 percent to 11.74 MMT compared to 2015. This included 10.42 MMT of milling wheat, 596.5 KMT of feed wheat and 724.6 KMT for seeds. Furthermore milling wheat export prices have also strengthened for Kazakh on account of increased demand from exporters, strong national currency and increase in milling wheat prices in black sea region. Therefore in the past week 12.5% wheat export prices increased by US \$8-10 to US \$172-178/MT FoB Aktau port.

Outlook: Cash market is expected to trade steady to slightly weak in the near term
