

**Wheat Domestic Fundamentals:**

**All India weekly average prices decreased by 1.51 percent** to Rs. 1852.57 per quintal during the week ended 08th April 2017. Wheat average price were ruling at Rs 1881.04 per quintal during 24-31 March 2017. As compared to prices in the week 01-08 April 2016, the prices are firm by 8.27 percent. Prices are expected to remain range bound to slightly weak in coming days.

**Hailstorm in many parts of Bijnor district damaged standing wheat crop.** As per farmers around 15% to 20% of crop has been damaged. Wheat is cultivated in 1.10 lakh hectares in the district. Other districts like Kotwali, Dehat, Dhampur and Nehtaur were also affected and loss assessment is ongoing. Coming days are critical for Uttar Pradesh as harvesting is ongoing and if the weather worsens loss to wheat crop may be higher.

**Indian flour millers have purchased around 150000 tonnes of Australian wheat** with protein content of 9 percent for May shipment. The said quantity was purchased at \$220-221 per tonne including cost and freight. India has imposed 10 percent import duty but even after that Australian wheat is cheaper for mills in south India.

**Government has imposed 10 percent import duty on 28th March'17. However this was not able to cease flow of imports** and millers are still importing wheat. As per latest update millers have purchased 150000 tonnes of Australian wheat for May shipment. Agriwatch recommends duty of 25 percent to halt imports completely.

**Government agencies have started procurement since 15th March'17. Until 06th April'17 government has procured around 15.79 lakh tonnes** of wheat. Of the total quantity procured, around 13.87 lakh tonnes has been procured from Madhya Pradesh, 1.77 lakh tonnes from Haryana, 13000 tonnes from Rajasthan and 1000 tonnes from Gujarat. In Rabi marketing season 2017-18 government has set procurement target of 33 MMT.

**As per market sources wheat stock in central pool as on 16th March'17 is 8.57 MMT**, which is lowest in last ten years. Due to lower production in the last two years government has to increase its release in OMSS to keep the prices under control which led to lower stocks. Last marketing season government was able to procure only 22.9 MMT. As good crop is expected this year, Government has kept a target of 33 MMT in current marketing season.

**Wheat WPI has decreased from 250.3 in January to 247.7 in February-2017.** Monthly wheat inflation has decreased by 1.04 percent in February-17 compared to January-17. As compared to February-16, wheat WPI has increased by around 8.36% and by 14.36% compared to February -2015.

**According to latest update, area sown until 03 February'17 is 317.81 lakh hectares** compared to 297.25 lakh hectares in the previous Rabi season. Among various states the area is down in Jammu & Kashmir and Karnataka, whereas Punjab, Haryana and Uttar Pradesh have seen an increase in area compared to last year for the same date. The normal area is 304.05 lakh hectares. Area is expected to be higher this year as government has increased MSP of wheat which has motivated farmers to sow more area.

**International Market Update:**

**As per latest update, Russia has exported 3.2 MMT of wheat in the first two months of 2017** compared to 3.6 MMT for the same months last year. Of the total 3.2 MMT exports to CIS and Non-CIS countries are 0.14 MMT and 3.06 MMT respectively. Export price for Russian wheat with 12.5% protein is hovering around FoB \$187 per tonne. Russia has exported 21.69 MMT of wheat between 01st July'16 and 29th March'17.

**Soft wheat exports from European Union in 2016/17 season have reached 18.3 million tonnes by April 4**, down by around 18 percent compared to 22.3 million tonnes during the same time period last season. As of now wheat FoB port Rouen is hovering around \$161 per tonne.

**Russian wheat prices fell last week due to weak demand from Egypt and Turkey and strengthening of rouble against dollar.** Export price for Russian wheat with 12.5% protein decreased by \$2 per tonne to FoB \$187 per tonne. Russia has exported 21.69 MMT of wheat between 01st July'16 and 29th March'17.

**As per latest update, Japan's ministry of agriculture bought 120507 MMT of food quality wheat** from United States, Australia and Canada. Around 65536 MMT has been bought from United States with minimum protein content of 14 percent to be loaded between May 21-June 20, 29511 MMT has been bought from Canada with minimum protein content of 13.5 percent to be loaded between June 21- July 20 and 25460 MMT from west Australia to be loaded between June 1-June 20.

**Outlook:** Cash market is expected to trade steady to slightly weak in the near term.
