

Wheat Domestic Fundamentals:

FCI will sell a total quantity 1071200 tonnes of wheat in different states through e-auction on 14th September at a reserve price of Rs 1790 per quintal. Of the total quantity in OMSS, highest quantity of 371300 tonnes in Haryana followed by 299500 tonnes in Maharashtra 140600 tonnes is offered in Punjab, 100000 tonnes in M.P, 40000 tonnes in Tamil Nadu, 20000 tonnes in Rajasthan, 19300 tonnes in Karnataka, 16000 tonnes in Delhi, 14000 tonnes in Kerala, 11000 tonnes in Gujarat, 6500 tonnes in J&K, 6000 tonnes in Chandigarh, 5000 tonnes in Uttar Pradesh, 4300 tonnes in Assam, 4200 tonnes in Uttarakhand, 3500 tonnes in Chhattisgarh, 3000 tonnes in Pondicherry, 2000 tonnes in Bihar, 2000 tonnes in Andhra Pradesh, 1500 tonnes in Himachal Pradesh, 1000 tonnes in Jharkhand and 500 tonnes in Goa.

All India weekly average prices increased by 7.28 percent to Rs. 1930.87 per quintal during the week ended 15th September 2017. Wheat average price were ruling at Rs 1799.86 per quintal during 01-08 September 2017. As compared to prices in the week 09-15 September 2016, the prices are firm by 8.63 percent. Prices are expected to remain steady to firm in coming days.

Import quotes for wheat from different origins to Tuticorin port has increased compared to last week. As of now Tuticorin port price for APW is Rs 1880 per quintal, ASW is Rs 1810 per quintal and Ukrainian wheat at Rs 1700 per quintal. India is likely to import 3-4 million tonnes of wheat in 2017-18. Government may increase import duty from 10% in order to curb imports and provide support to domestic prices. Fall in production forecast for Australia has increased quotes for APW and ASW.

India has received 752.70 mm of actual rainfall against 802.00 mm of normal rainfall since the beginning of monsoon season until 13th September. In the week (07th to 13th September) India has received rainfall below LPA by -31% and the worst hit region was Northwest India which received rainfall below LPA by -72%. Since the beginning of monsoon season Punjab, Chandigarh, Delhi, West Uttar Pradesh, East Madhya Pradesh and Vidharba have received deficient rainfall.

As per latest update, wheat stock in central pool as on 1st September'17 stood at 278.16 lakh tonnes down by 7.46% compared to last month. This quantity is higher by around 14.73% compared to last year for the same month. For the month of August off take from central pool was around 22.43 lakh tonnes compared to 26.34 lakh tonnes for August'2016 and 15.02 lakh tonnes for August'2015. FCI is currently selling wheat through E-Auction at a reserve price of Rs. 1790 per quintal.

India is likely to import 800000 tonnes of wheat in september and october from blacksea region at \$200-210 per tonne cost and freight after taking into account 10% of duty. According to traders there is not much price advantage, millers are buying to ensure smooth supplies in November and December. The only fear importers are facing is an increase in import duty or abrupt change in phytosanitary measures.

As per fourth advance estimate for 2016-17 wheat production is likely to be around 98.8 MMT which is higher compared to third advance estimate of 97.4 MMT. The total food grain production has been pegged at 275.68 MMT compared to 251.57 MMT in final estimate of 2015-16.

According to latest update, area sown until 03 February'17 is 317.81 lakh hectares compared to 297.25 lakh hectares in the previous Rabi season. Among various states the area is down in Jammu & Kashmir and Karnataka, whereas Punjab, Haryana and Uttar Pradesh have seen an increase in area compared to last year for the same date. The normal area is 304.05 lakh hectares. Area is expected to be higher this year as government has increased MSP of wheat which has motivated farmers to sow more area.

International Market Update:

Russian milling wheat prices with 12.5% protein content increased by around \$2-3 per tonne compared to last week. Firmness in prices is due to strengthening of Russian currency and unresolved problem of imported wheat by Egypt. As per traders prices have already touched their lowest level. Russia is expected to produce 80-82 MMT of wheat this year compared to 72 MMT last year. As of now Russian milling wheat with 12.5% protein content at Novorossiysk port is being quoted at FoB \$186-190/tonne whereas milling wheat with 11.5% protein content is being quoted at FoB \$176-180/tonne.

Australia is expected to harvest the lowest crop in last eight years at 21.6 MMT compared to 35.1 MMT last year. Farmers are holding onto their stocks in expectation of higher prices. All this has led to Australian wheat offer prices for Asia surpassing offer prices of U.S. The new crop of Australian soft white wheat has been offered at C&F \$245 per tonne for Southeast Asia compared to C&F \$235 per tonne for similar variety of U.S.

GASC has purchased 175000 tonnes of Russian wheat through tender. ADM offered 60000 tonnes of Russian wheat at FoB \$195.00 per tonnes; GTCS offered 60000 tonnes and 55000 tonnes of Russian wheat at FoB \$198.00 per tonne and FoB \$197 per tonne respectively.

Outlook: Cash market is expected to trade steady to firm in the near term.
