FCI will offer a total quantity 982850 tonnes of wheat in different states through e-auction on 11th January at a reserve price of Rs 1790 per quintal.

As per trade sources, import quotes for wheat from various origins to Tuticorin port witnessed steady to firm tone in the week. As of now Tuticorin port price for APW is being quoted at Rs 2125 per quintal, ASW at Rs 1985 per quintal and Ukrainian wheat at Rs 1800 per quintal. Ample availability in the market is keeping global wheat prices under pressure.

As per latest update, India has imported around 497.04 thousand tonnes of wheat, highest since April'17. India has imported a total of 1151.97 thousand tonnes of wheat since April'17. Imports are likely to fall in upcoming months as government has increased import duty from 10 percent to 20 percent. India has exported 5957.79 thousand tonnes of wheat in 2016-17 due to two consecutive bad crops.

The demand for Indian wheat in the international market is low. Export window remains restricted due to huge disparity. Other countries like Australia, Russia and Ukraine are able to provide wheat at lower quotes compared to India. In the month of October, India exported 36.87 thousand tonnes of wheat compared to 14.52 in the previous month. India has exported 165.16 thousand tonnes of wheat since April'17 until October'17.

According to latest update, area sown until 05th January'18 is 283.46 lakh hectares compared to 297.67 lakh hectares in the previous Rabi season. The normal area is 304.43 lakh hectares. Progressive area was reported lower in Maharashtra, Uttar Pradesh and Madhya Pradesh compared to last year for same date.

As per Agriwatch preliminary estimate production is likely to be around 91.4 MMT compared to 93.5 MMT last year. Production is likely to fall due to lower acreage this year. As per fourth advance estimate for 2016-17 wheat production is likely to be around 98.8 MMT which is higher compared to third advance estimate of 97.4 MMT.

As per latest update, Government of India has extended relaxation on fumigation of agriculture commodities using methyl bromide until 30th June 2018. Earlier government has provided an extension until 31st December 2017. Trade sources indicate that increase in import duty has curbed imports but it hasn't put a complete stop on imports.

As per latest update, wheat stock in central pool as on 1st December'17 stood at 216.65 lakh tonnes down by 9.16% compared to last month. This quantity is higher by around 31.33% compared to last year for the same month.
