

Wheat Domestic Fundamentals:

AAP has proposed MSP with 50% margin at cost of production. This will increase MSP of wheat and paddy to Rs 2616 per quintal and Rs 2667 per quintal respectively. This will benefit around 20000 kisan families and lead to an additional liability of Rs 96.38 crores. Furthermore, the government will also hold Kisan Jansunwai in Narela and Najafgarh to incorporate suggestions from farmers and other stakeholders.

As per latest update, area sown until 24th January'18 is 296.37 lakh hectares compared to 304.08 lakh hectares in the previous Rabi season. The normal area is 306.29 lakh hectares. Acreage of wheat in Madhya Pradesh is higher as farmers have shifted from chickpea. This year, as on 24th January'18, farmers have sowed 59.00 lakh hectares of wheat in Madhya Pradesh compared to 58.03 Lakh hectares last year on same date. Lower acreage was reported in Maharashtra and Gujarat due to low availability of water.

All India weekly average prices decreased by 3.26 percent to Rs. 2077.20 per quintal during the week ended 23rd January 2019. Wheat average price were ruling at Rs 2147.23 per quintal during 09-15 January 2019. As compared to prices in the week 16-23 January 2018, the prices are firm by 11.22 percent. Prices are expected to remain weak in coming days due to abundant availability in domestic market.

Government has offered 8644650 tonnes of wheat in OMSS since July until fourth tender in January out of which 5829850 tonnes was sold. Total numbers of rakes sold were 112. State government and bulk consumers bought 564600 tonnes and 4968450 tonnes of wheat respectively. 296800 tonnes was sold in dedicated movement. Government will sell wheat in open market at a reserve price of Rs 1900 per quintal in the second quarter i.e. July-September. For third and fourth quarter prices will be Rs 1925 per quintal and Rs 1950 per quintal respectively.

Rajasthan government will provide wheat at Rs 1 per kg to below poverty line. This will benefit around 1.53 crore people. Furthermore, this would also help in reducing oversupply due to prospect of good production in MY 2019-20. Government will also bring special packages for farmers who pay their lone on time.

As per latest update, rainfall in Punjab and Haryana has brought a great relief for farmers. Slow and continuous rain is expected to last until Wednesday. This rain will not only reduce the burden on groundwater but also increase productivity of the standing crop. However, famers are also being advised to watch out for yellow rust, as it spreads with low temperature and strong winds.

As per trade sources, after increase in import duty to 30 percent imports have decreased substantially. India has imported no wheat in the month of November-2018. Imports are expected to be low this year due to good domestic availability and increase in import duty. India has imported around 1000 tonnes in the month of September-2018.

As per trade source, India has exported around 2.73 thousand tonnes in the month of November compared to 5.09 thousand tonnes in October. The quantity in November was exported at an average FOB of \$ 416.11 per tonne and the major destinations were Nepal, Sri Lanka and Somalia. Exports are likely to be at lower side as other countries are able to provide quality wheat at competitive prices.

Previous Updates:

As per fourth advance estimate, wheat production has been pegged at 99.70 MMT compared to 98.61 MMT in its third advance estimate issued in the month of May-2018. Total food grain output is expected to be around 284.43 MMT compared to 279.51 MMT in earlier estimate.

International Market Update:

Taiwan flour mills association has bought 55000 tonnes of milling wheat from United States. Of the total quantity, 27487 tonnes of U.S. dark northern spring wheat of 14.5 percent protein content bought at FOB \$253.32 per tonne, 19613 tonnes of hard red winter wheat of 12.5 percent protein content was bought at FoB \$253.96 per tonne and 7900 tonnes of soft white wheat with 9 percent protein was bought at FoB \$241.56 per tonne. The seller was trading house ADM.

The state grains agency of Tunisia has purchased around 100000 tonnes of soft milling wheat in a tender which closed on Wednesday. The soft milling wheat can be sourced from optional origins and has been purchased at \$259.22-259.25 a tonne (Cost and Freight). The said quantity has to be shipped between February and March.

Wheat prices remained firm as Russia may curb exports to boost domestic supplies. In case Russia restricts exports, buyers may seek supplies from United States. USDA expects Russian wheat exports to be around 36.5 MMT in 2018-19 compared to 41.4 MMT last year. Furthermore, United States is expected to export 27.2 MMT of wheat compared to 24.5 MMT last year.

Outlook: Cash market is likely to trade steady to weak in the near term.
