Prices are expected to remain weak in coming days due to abundant availability in domestic market.

Rains, hail and high speed wind in past week hit Punjab, Haryana, Northern Rajasthan and Western Uttar Pradesh. In case of Rajasthan and Uttar Pradesh, wheat has escaped any major damages as it has not yet reached flowering stage. Whereas in Punjab - Haryana, reports of damage to wheat crop was received and both governments have ordered their revenue departments to conduct assessment of crop damage.

Government has offered 61942440 tonnes of wheat in OMSS since July'18 until fifth tender in January'19 out of which 6252650 tonnes was sold. Total numbers of rakes sold were 121. State government and bulk consumers bought 603400 tonnes and 5328600 tonnes of wheat respectively. 320650 tonnes was sold in dedicated movement. Government will sell wheat in open market at a reserve price of Rs 1900 per quintal in the second quarter i.e. July-September. For third and fourth quarter prices will be Rs 1925 per quintal and Rs 1950 per quintal respectively.

As per latest update, FSSAI has directed packaged-food companies to label 'atta' as whole wheat flour and 'maida' as refined wheat flour. This will help consumers in making informed choices as using wheat flour for 'maida' does not convey the exact nature of ingredients used in manufacturing of various products. Companies are required to comply with requirements by 30th April'19.

India mainly imports from Australia and Russia. As of now, Russian wheat with 12.5 percent protein content and Australian premium wheat (APW) is being quoted at \$357.50 (Rs 25620) per tonne and \$372.50 (Rs 25350) per tonne respectively, after including freight and import duty @30%. Local expenses will further add to cost. Therefore, there is no import parity as of now from black sea region and Australia.

As per trade sources, after increase in import duty to 30 percent imports have decreased substantially. India has imported no wheat in the month of December-2018. Imports are expected to be low this year due to good domestic availability and increase in import duty. India has imported around 1000 tonnes in the month of September-2018.

As per latest update, area sown until 01st February-19 is 297.24 lakh hectares compared to 299.34 lakh hectares in the previous Rabi season. The normal area is 306.29 lakh hectares. Acreage of wheat in Madhya Pradesh is higher as farmers have shifted from chickpea. This year, as on 01st February-19, farmers have sowed 59.11 lakh hectares of wheat in Madhya Pradesh compared to 53.16 Lakh hectares last year on same date. Lower acreage was reported in Maharashtra and Gujarat due to low availability of water.

As of now Russian milling wheat with 12.5% protein content at Novorossiysk port is being quoted at FoB \$244.00-247.00/tonne and milling wheat with 12.5% protein content at Odessa is being quoted at FoB \$242.00-246.00/tonne.
