

Wheat Domestic Fundamentals:

All India weekly average prices increased by 1.94 percent to Rs. 2045.95 per quintal during the week ended 31st April 2019. Wheat average price were ruling at Rs 2007.07 per quintal during 16-23 April 2019. As compared to prices in the week 24-31 April 2018, the prices are firm by 7.03 percent. Prices are expected to remain weak in coming days due to abundant availability and arrival pressure in domestic market.

Government agencies have started procurement. Until 30th April'19 government has procured around 196.10 lakh tonnes of wheat. Of the total quantity procured, around 75.55 lakh tonnes have been procured from Punjab, 73.30 lakh tonnes from Haryana, 9.15 lakh tonnes from Uttar Pradesh, 33.46 lakh tonnes from Madhya Pradesh, 4.34 lakh tonnes from Rajasthan, 0.16 lakh tonnes from Uttarakhand, 0.10 lakh tonnes from Chandigarh and 0.04 lakh tonnes from Gujarat. In Rabi marketing season 2019-20 government has set procurement target of 35.70 MMT.

Wheat arrivals in Punjab have crossed 10 LMT in past 3-4 days and the state may see record wheat procurement this year. Until 30th April'19 state agency and FCI have procured 75.55 lakh tonnes of wheat in Punjab. Around 60 percent of the wheat crop has already arrived in Punjab Mandis. Increase in temperature fastened the maturity of wheat crop and led to upsurge in pace of harvest and arrivals in Punjab Mandis.

Government has increased import duty on wheat from 30 percent to 40 percent. This is done to make sure that there is no window left for cheaper imports. Three consecutive good production years have led to ample availability in the domestic market. Furthermore, it will also provide support to government in offloading wheat stocks as without any import parity private traders/millers will buy from FCI.

As per latest update the central government has accepted Chief Minister Captain Amarinder Singh's request to relax wheat specifications for procuring in MY 2019-20 due to luster loss in past weeks. The relaxation is applicable with immediate effect. District wise percentage relaxation has also been allowed. In Bathinda, Faridkot, Mukhtsar and Ferozepur percentage relaxation of up to 50 percentage has been provided, while Fazilka and Hoshiarpur received a relaxation of up to 75 percentage.

India mainly imports from Australia and Russia. Wheat prices remained weak in past week. As of now, Russian wheat with 12.5 percent protein content and Australian premium wheat (APW) is being quoted at \$328.90 (Rs 23069.05) per tonne and \$309.34 (Rs 21697.67) per tonne respectively, after including freight and import duty @30%. Local expenses will further add to cost. Whereas wheat mill quality price in Chennai and Coimbatore is ruling around Rs 21500 per tonne and Rs 22000 per tonne respectively.

Wheat WPI has decreased from 157.2 in February-2019 to 155.5 in March-2019. Monthly wheat inflation has decreased by 1.08 percent in March-2019 compared to previous month. As compared to March-2018 wheat WPI has increased by around 10.13 percent. Wheat WPI is expected to stay steady to weak in coming month.

As per trade source, India has exported around 10.69 thousand tonnes in the month of March-2019. The quantity in March-2019 was exported at an average FOB of \$ 341.00 per tonne and the major destinations were Nepal, UAE and Sri Lanka. Exports are likely to be at lower side as other countries are able to provide quality wheat at competitive prices.

International Market Update:

Algeria state grains agency OAIC has bought around 200000 tonnes of durum wheat in a tender that closed on Wednesday. The prices paid were in the range of \$268.00 - \$270.00 per tonne (Cost and Freight). Most of the quantity is expected to be sourced from Canada. Algeria does not disclose the results of its tenders and purchase reports are based on trade assessments. The quantity is to be shipped between in the month of June.

Russian milling wheat prices were weak by \$3 per tonne at Novorossiysk and by \$2-3 per tonne at Odessa port. Good prospects for global wheat production and favorable weather conditions. As per IGC, Russia is expected to produce 77.10 MMT in 2019-20 compared to 71.70 MMT in 2018-19. As of now Russian milling wheat with 12.5% protein content at Novorossiysk port is being quoted at FoB \$219.00-223.00/tonne and milling wheat with 12.5% protein content at Odessa is being quoted at FoB \$218.00-223.00/tonne.

As per latest update, Tunisia has bought around 92000 tonnes of soft milling wheat in three consignments of 25000 tonnes each and one of 17000 tonnes. The consignments were bought in the range of \$210.98-228.22 per tonnes C&F. The sellers were Cofco and Cargill. The said quantity is to be delivered between late May and early July.

Outlook: Cash market is likely to trade steady to weak in the near term.
