The farmers from other states will be able to register on the portal from May 17. Haryana government has set a target of 10 lakh MT wheat purchase from other states and would not buy more than 360 quintal wheat from a single farmer.

Mild to moderate showers were witnessed in parts of the Punjab on Sunday morning, raising apprehension of delay in the lifting of wheat crop from grain markets. Moderate showers were witnessed in Gurdaspur, Hoshiarpur, Nawanshahr and Ropar districts, and mild showers in Ludhiana and Jalandhar. In these districts, wheat has already been harvested. This can delay the lifting of the produce. As of now, 80 per cent of the wheat in mandis has already been lifted. Along with this, the worry of the arduous has also increased due to the reduction of Luster Loss.

Procurement of wheat in the rabi season has so far been less by 18.35 per cent this year due to the Covid-19 crisis. However, there was no shortage of food grain and procurement was on track. Of the estimated 135 LMT of wheat, grain markets have recorded arrival of 105.14 LMT so far, of which 104 LMT had been procured. Wheat arrival, which hovered around 6 LMT last week, fell to 4.14 LMT on Wednesday as farmers were in a hurry to sell due to uncertainty over issuance of e-passes.

The Food Corporation of India (FCI) has been able to buy half of its wheat procurement target of 40.7 million tonne by Wednesday despite a delayed start this year as Punjab has exceeded expectation by purchasing nearly 75% of its target in only 22 days.
