

Wheat Domestic Fundamentals:

In Madhya Pradesh three different co-operatives got drenched in rain due to lack of storage system for purchased wheat from farmers. the employees of the concerned institutions put wheat in yards for grading purpose. Residents living near that area are facing stink issues, due to which they've a punchnama for disposing off unusable wheat.

The Delhi government decided to provide monthly free ration from July to all PDS card holders till November 2020. This particular scheme helps nearly 71,40,938 people who get subsidized food grains. These include 68,465 Antodya Anna Yojna (AAY) households with 2,78,954 beneficiaries. The price is Rs 2 per kg for wheat and Rs 3 per kg for rice, which shall not be charged from the NFS beneficiaries while obtaining the ration from July till November. Regular entitlement under AAY category is 25 kg wheat per household, 10 kg rice per, household and one kg sugar per household.

Uttar Pradesh, has fallen short of its wheat purchase target this year as the agencies could purchase only 35.76 lakh tons of wheat against the set target to purchase 55 lakh tons. Last year the government had purchased 37.04 lakh tons of wheat.

The Haryana government will distribute wheat and pulses free of cost from July to November 2020 under the Pradhan Mantri Garib Kalyan Anna Yojana. The Food Civil Supplies and Consumer Affairs Department made pink, yellow and khaki ration card holders 5 kg per member wheat and one kg pulses per family free per month from April to June 2020 under the scheme in lockdown.

Prime Minister had yesterday announced the extension of Pradhan Mantri Garib Kalyan Ann Yojana till the end of November 2020. He said that the PMGKAY scheme is extended from July till the end of November 2020. the Department of Food and PD has worked out estimated cost under TPDS @ 5 Kg per person per month for three months i.e. April-June, 2020 would entail an estimated subsidy of Rs. 44,131 crore taking the estimated Economic Cost of Rs. 26,838.40/MT for wheat (as per BE 2020-2021).

FCI will now procure wheat at Kota-Bundi on support price till 7 July. The Food-Public Distribution Ministry has issued its orders on Tuesday.

India on Tuesday deployed a helicopter and a dozen drones spraying insecticide to stop desert locusts that have spread to nine heartland states of the world's second-biggest producer of wheat. The move came after swarms invaded Gurugram, India battling its worst desert locust outbreak for decades, pressed into service 12 drones to track the movement of locusts and spray insecticides on the swarms.

In Uttar Pradesh, Farmers in the faced difficulty in getting support price of government wheat this time. The administration here has failed to achieve the target set for wheat procurement. So far, only 63 per cent of wheat has been procured in the Unnao district, 65.11 percent in Balrampur and 73 Percent in Badaun district.

According to Rajasthan Government, Despite the lockdown, the food department has procured 21.61 lakh metric tonne of wheat in just 73 days, setting a new record of highest ever procurement. So far, Wheat worth Rs. 4,160 crore has been purchased, the average procurement of Wheat per day last year was 13,187 metric tonnes, whereas this year, 29,605 metric tonne of wheat was purchased daily, which was two-and-a-half times more than that last year.

As per the Food Corporation of India report dated 28.06.2020, FCI currently has 550.31 LMT wheat.

International Market Update:

Argentina's Rosario grains exchange cut its 2020/21 wheat crop forecast on Wednesday to 18-19 million tonnes, below the previous estimate of 21-22 million tonnes, due to prolonged dry conditions that are likely to impact planting. wheat harvest in south and central Oklahoma where freeze damage has reduced the yeilds.

U.S. wheat futures on Thursday leapt to their highest prices in more than two months at the Chicago Board of Trade, as the latest crop estimates in major exporting countries like Argentina, France and Russia raised questions about global supply.

Russian Wheat has been threshed from 2.9 million ha; 9.4 million tonnes has been harvested with crop yield of 32.3 centre's per ha.

Australia wheat production is maintained at 25.0 [17.5–32.0] million tons, but long-range weather outlooks indicate high probability of drought risk in the west and south. In its June Crop Report, ABARES estimated wheat production at
