

Wheat Domestic Fundamentals:

According to FCI, Tenders are invited for Sale Of Faq Wheat Under Omss(d) Through E Auction In Respect Of Karnataka and West Bengal State. Tenders are invited for mtf cum financial bid notice for sale of wheat under omss(d) through e-auction (e-17) to empanelled bulk consumer traders of any region with FCI and to state govt. S/ uts for stocks lying at various depots of Madhya Pradesh region.

According to SAD President the party would not allow tinkering with the MSP system or assured marketing of wheat and paddy. In his manifesto, they clearly stated that the "party will amend the APMC Act to allow private mandis in the state".

As the government looks to liquidate its mounting stocks of wheat, flour millers have advised it to lower the rate at which wheat is sold for open market operations by Rs 500 a quintal, saying the move will help it to earn around Rs 16,000 crore in revenues. This is assuming that six million tonnes of wheat are liquidated after the price cut by way of domestic demand Food Corporation of India (FCI), the largest holder of wheat in India, also has direct control at which products such as atta, biscuits etc. are available to the average consumer, particularly those outside the ambit of the public distribution system.

The FCI is considering cutting the base price of lustre-lost wheat sold under the open market sale scheme by nearly 12% to clear excess stock from the central pool. FCI is likely to reduce the price for lustre-lost wheat to 1,840 rupees per 100 kg from the current price of 2,080 rupees. The cut in the base price is being considered after the finance ministry asked Food Corp to look at options to increase off take under the open market sale scheme in view of overflowing stocks. Food grain stocks with the FCI as on Jul 1 were at 55.01MMT of wheat.

As the government looks to liquidate its mounting stocks of wheat, flour millers have advised it to lower the rate at which wheat is sold for open market operations by Rs 500 a quintal, saying the move will help it to earn around Rs 16,000 crore in revenues. This is assuming that six million tonnes of wheat are liquidated after the price cut by way of domestic demand Food Corporation of India (FCI), the largest holder of wheat in India, also has direct control at which products such as atta, biscuits etc are available to the average consumer, particularly those outside the ambit of the public distribution system.

According to the data published on the Food Corporation of India (FCI) website, government agencies across the country have purchased 38.97 MMT of wheat in the current Rabi marketing year 2020-21.

FCI aims to promote increased purchases by private buyers under OMSS, which came down to nil in June, who didn't wish to be identified. The FCI has run out of storage facilities, and needs to offload the excess stock. The wholesale market price of wheat is less than the central agency's rate. Under OMSS, the FCI currently sells 'Grade A' wheat at Rs 2,135/quintal and the 'Grade B' at Rs 2,080/quintal. However, these rates are significantly higher than the current market prices of Rs 1,850-1,920/quintal. Under the scheme can be reduced to Rs 1,640/quintal for 'Grade A'. According to the consumer affairs ministry official wheat price under the scheme can be reduced to Rs 1,640/quintal for 'Grade A'.

In Madhya Pradesh three different co-operatives got drenched in rain due to lack of storage system for purchased wheat from farmers. the employees of the concerned institutions put wheat in yards for grading purpose. Residents living near that area are facing stink issues, due to which they've a punchnama for disposing off unusable wheat.

The Delhi government decided to provide monthly free ration from July to all PDS card holders till November 2020. This particular scheme helps nearly 71,40,938 people who get subsidized food grains. These include 68,465 Antodaya Anna Yojna (AAY) households with 2,78,954 beneficiaries. The price is Rs 2 per kg for wheat and Rs 3 per kg for rice, which shall not be charged from the NFS beneficiaries while obtaining the ration from July till November. Regular entitlement under AAY category is 25 kg wheat per household, 10 kg rice per, household and one kg sugar per household.

As per the Food Corporation of India report dated 28.06.2020, FCI currently has 550.31 LMT wheat.

International Market Update:

The International Grains Council (IGC) cut 5.6Mt from its 2020/21 global wheat production forecast. At 762.0MMT the global wheat crop would still be 12.1MMT above a trimmed demand prediction and a notably smaller surplus than the 16.2MMT forecast last month. EU-27 down 2.8MMT to 125.6MMT, USA down 1.5MMT to 49.6MMT, Russia down 1.0MMT to 78.0MMT and Argentina down 0.6MMT to 20.4MMT.
