

### Wheat Domestic Fundamentals:

**According to Government Official, "Some state governments, including Punjab, West Bengal, Kerala, Odisha, and Jharkhand, have written to the Centre urging it to extend beyond November the provision of free ration under Pradhan Mantri Garib Kalyana Yojana,"** While some state governments have asked the Centre to extend the scheme till the end of the current financial year, few others have asked for a shorter extension, another official said. The grim economic situation in the country and rising unemployment, it will be good people if free food grain is provided for some more time," one of the officials said.

**All India's weekly average prices Increased by 1.67 percent to Rs. 1825.22 per quintal** during the week ended 23<sup>rd</sup> Oct 2020. Wheat average prices were ruling at Rs 2176.62 per quintal during 16<sup>th</sup> Oct-23<sup>rd</sup> Oct 2019. As compared to prices in the last week, 09<sup>th</sup>-15<sup>th</sup> Oct 2020, the prices were higher by 1.67 percent. The wheat market has stabilized, and prices are unlikely to rise near Dusshera & Diwali festival and the prices of wheat are unlikely to drop much further either.

**According to traders, Prices of Wheat in Jaipur fell this week due to a decline in bulk** demand and steady arrivals, traders said. Arrivals were pegged at 2,000 bags (1 bag = 100 kg). In Indore, prices remained steady. Arrivals were steady at 1,700 bags. Wheat prices are likely to increase in the coming weeks as bulk buyers see a rise in demand during the festival season.

**As per trade source, India has exported around 111974 tonnes in the month** of Sep-2020, which is higher 42.35% compared to last month. The quantity in September -2020 is exported at an average FOB of \$ 252.87 per tonne, and the major destinations were Nepal, Bangladesh, Afghanistan, UAE, and Sri Lanka. Exports are likely to be on the higher side as other countries provide wheat at higher prices.

**The government has sold 101220 tonnes of wheat in OMSS through E-Auctions** in the second week of October'20. Till now; no rakes have been sold. Sale of wheat to bulk consumer 4220 tonnes and sale of Wheat to state Govt. 97000 tonnes.

**According to the farmers if the weather is** going to be cold like this, it will be good for Wheat crop sowing.

**According to traders, Prices of WHEAT in Jaipur fell today due to a decline in bulk demand and steady arrivals,** traders said. Arrivals were pegged at 2,000 bags (1 bag = 100 kg). In Indore, prices remained steady. Arrivals were steady at 1,700 bags. Wheat prices are likely to increase in the coming weeks as bulk buyers see a rise in demand during the festival season.

**Paddy harvesting is nearing completion in the countryside, and now farmers** have to sow wheat. Agricultural experts say that farmers should sow wheat at the right time. This makes a difference in production. The longer the sowing, the lower the production. For farmers, the month of October is best suited for sowing wheat. At present, harvesting of paddy crop is at its peak. Most farmers have also reaped paddy crop. Now farmers have started sowing wheat crops.

**Due to the availability of MSP on the wheat crop,** farmers stay away from pulses and oilseeds. The farmers of the state are mainly oriented towards the cultivation of wheat and pulses and oilseeds have to be imported from other states or imported. The reason for this is due to farmers turning away from pulses and oilseeds cultivation.

### International Market Update:

**Gene-edited wheat is to be grown in Argentina, as the country becomes** the first in the world to give the green light on the use of the drought-resistant crop. The new generation of wheat is known as BLOX.BA HB4 and was developed by Trigall Genetics in partnership with Bioceres BLOX. A and France's Florimond Desprez. In infield trials conducted over the past ten years, the seed varieties showed an average increased crop yield of 20 percent during growing seasons affected by droughts.

**Jordan's state grains buyer purchased 60,000 tonnes of hard milling wheat** to be sourced from optional origins in a tender which closed on Wednesday, traders said. It was bought from trading house CHS at \$272.00 a tonne c&f for shipment in the first half of February 2021, they said. One other trading house participated in the tender, Aston which offered \$288.00 a tonne c&f, they said.

**Russian wheat export prices rose last week due to high demand from** exporters and limited supply from farmers concerned about dry weather in several regions which signals risks for the 2021 crop, analysts said on Monday. Russian
