

### Wheat Domestic Fundamentals:

**Wheat output is expected to reach a new high of 109.52 million tonnes in 2020-21, according to the agriculture ministry's fourth advance estimate.** It is 9.10 million tonnes higher than the average production estimates of 100.42 million tonnes over the previous five years. Due to higher output of rice, wheat, and pulses, India's foodgrain production is expected to rise by 3.74 percent to a new record of 308.65 million tonnes in the crop year 2020-21 compared to 297.5 million tonnes in 2019-20 due to good monsoon rains last year. From its third estimate of 305.43 million tonnes for the same year, the estimate has been revised higher by 3.22 million tonnes.

**As per ministry recent estimates, India is likely to produce higher Wheat crop in 2020-21. The country may produce 109.52 million tonnes in 2020-21 which is higher by 1.53% from 107.86 from last year record amid good monsoon rain last year.**

**According to USDA, India is expected to ship more wheat in 2020-21 as a result of weaker output in the European Union, smaller crop sizes in Ukraine, and Russian government policy.** China's strong demand will also assist India's export volume grow.

**In the month of June, India exported 4.10 lakh tonnes of wheat lower against 4.96 lakh tonnes in May 2021. Indian wheat has declined in June month due higher export price.** According to the DGCIS data, India exported 2.28 Lakh tonnes in the current fiscal year as of April 2021. In 2020-21 fiscal year, the country exported total 20.80 lakh tonnes.

**This Rabi season, government procured 132.10 LMT of wheat from Punjab, higher from MP's procurement record of 128.08 LMT in 2021-22.** However, it was procured lower at 127.14 LMT from Punjab compared to 129.42 LMT in MP during 2020-21.

**Wheat procurement for the Rabi marketing season 2021-22 is nearly complete in India's various states. Wheat was procured in excess of 433.32 LMT, a record high compared to 387.4 LMT in previous seasons.** Total 49.15 lakh farmers have been benefitted. This season's procurement volume is also bigger than the previous four years record. According to FCI, there were approx. 19,036 wheat procurement centres during the rabi marketing season of 2021-22.

### International Market Update:

**USDA cut U.S. wheat supply, domestic use and ending stocks in Aug 2021 for MY 2021/21, which might support an increase in the CBOT price in the near future.** In Aug'21 report, U.S. wheat output for 2021/22 is estimated to be 46.18 MMT, down from 47.52 MMT in Jul '21 report, based primarily on reductions to hard red winter and soft white winter production. Total supplies are expected to be 74.43 MMT, down from 78.24 MMT in the June report. The country's ending stockpiles have decreased to 17.05 MMT from 18.09 MMT in the previous report.

**According to the Russian agriculture ministry, the country harvested 50.2 million MT of wheat from the start of the MY2021-22 and Aug. 3, 2021, down from 53.4 million MT the previous year over the same period.** So far, farmers have harvested 14.7 million hectares of crop, up from 14.5 million hectares last year.

**According to IKRA, due to low yields in the Central and Volga regions, Russia may produce 3 million MT less wheat harvest, bringing the total to 78.5 million MT.** S&P Platts estimates the crop size for MY 2021-22 to be 83.8 million MT.

**European Union soft wheat exports is kept unchanged at 30 million tonnes for 2021/22 compared to last month.** EU union member countries may grow higher soft wheat production for 2021/22 at 127.7 million tonnes, against 125.8 million as estimated in June'21 and 119.4 million tonnes last year.

**Weather Outlook:** Fairly widespread to widespread rainfall activity very likely over Maharashtra (except Vidarbha area) during next 3 days till 19 Aug with reduction thereafter. Isolated heavy falls very likely over these areas during 16 and 17th August and Isolated heavy to very heavy falls very likely on 19th August. Subdued rainfall very likely to continue over northwest India and Gujarat during next 4 days.
