

**Wheat Domestic Fundamentals:**

Mixed sentiments were observed during today's market. Due to rainfall activity, some major markets show steady sentiments. While in Kanpur and Khanna prices rose by Rs.10 to 20 per quintal on sluggish arrivals. On the other hand, in markets like Kosi and Indore prices were on the lower side, down by Rs. 15 to 50 per quintal due to firm arrivals. Prices will trade up in the medium to long term due to the commencement of festive demand.

Rains delay export of Wheat from Kandla port. Wheat, rice, and flour export shipments from the Kandla port have been delayed as a result of the recent severe rains in Gujrat, which have hampered cargo handling of these goods in the Kandla region. Since the final week of May, quality of Wheat has been deteriorating in and around Kandla port following the ban on exports. Fortunately, since the Government decided to permit Wheat exports on, these stocks have either been moved to warehouses or exported. Meanwhile, in Mundra port operations remained normal despite of heavy rain.

**International Market Update:**

As per USDA report, Global Wheat production for 2022-23 is seen at 771.6 MMT, down by 1.8 MMT from June forecast, with EU and Ukraine both down by 2 MMT to 131.41 MMT and 19.5 MMT respectively, and Argentina down by 0.5 MMT to 19.5 MMT. While for Russian Wheat it increases by 5 LMT to 81.5 MMT and for US Wheat there is lift of 1.2 MMT to 48.5 MMT.

**Lebanon to import 0.3 LMT of Wheat from Ukraine and Russia. In order meet their demand of staple pita bread they had to import 0.3 LMT of Wheat. They had imported some 7 LMT of wheat in 2021 as per their custom statistics.**
